Material - Interior

Getting to the Interior Material List

Navigate to the list of interior materials by clicking ***Bidding > Material - Interiors*** on the database admin dashboard. Clicking on the name of any interior material in this list will allow you to edit that interior material.

Interior Material Editor

This section will explain what each field means.

- Main
  - **Name**: *Required* Display name of interior material.
  - **Available**: When false, will not show up in the list of interior materials on the site.
  - **Shop Staff Only**: When true, only shop staff users can see / add this interior material.
  - **Description**: Description of the interior material, shows up on the site.
  - **Shop Notes**: Any custom office / shop notes, only visible to shop staff users.
  - **Product Line**: This interior material will be available in all of the selected product lines.
  - **Adj Factor**: Price of material interior, this is calculated based on the sheet cost of the material, marked up by 30%, then divided by the average item base price ($300).
    - ```
      adj_factor = ((sheet_price * markup_percent) + sheet_price) / average_base_price
      ```
  - **Image Original**: Can upload a single image to this interior material.
  - **Material Sheet**: Can select multiple sheets sizes that this material is available in.
- XML Export
  - **Export Value**: This will overwrite the name of the interior material that is exported to Microvellum. If blank, the name of the interior material will be exported.
  - **MV Prompts**: This is a list of properties that will be exported to Microvellum. Can use any of the variables shown on this tab.
