1.6.54 Release Notes

Version 1.6.54 includes some new features and important improvements to pricing updates that you should be aware of.

New Feature(s)

Remove revisions to reset bid submission status

The screenshot displays the 'Submitted Orders' section of a software interface. At the top, there are three tabs: 'New Orders' (7), 'Re-Submitted Orders' (1), and 'Pending Dealer Approval' (9). Below the tabs is a section titled 'Orders Returned From Dealer' with a sub-header 'These bids have been resubmitted by the dealer with changes made'. A search bar is present with the placeholder text 'Type to Search'. Below the search bar is a table with columns 'Job #', 'Name', and 'Dealer Name'. The table contains one row with the values '24400', 'Swanson', and 'Blush Kitchens Co.'. A dropdown menu is open for the first row, listing various actions: Review, Transfer bid, Room List, Edit Bid Details, Clone, Create Hotlist, Export to XML, Export to Excel, Lock for Review, Send Back, Reset Revisions, Delete, Archive, and API Data. A red arrow points from the 'Reset Revisions' option in the dropdown menu to the 'New Orders' tab. A red text box with the text 'Reset revisions to act as a new submission' is positioned next to the 'Reset Revisions' option.

Updates to pricing enforcement

This update improves on some of the features pertaining to pricing dates.

1. When a bid's pricing date is set to expire within the next three weeks there will be a little clock icon next to the price of the bid.
